

DUAL CREDIT

VOCATIONAL PROGRAMS

Ivy Tech Community College has established an agreement with Four County Area Vocational Cooperative to grant college credit to students enrolled in the proceeding programs administered by the Cooperative. Students shall receive credits based upon the course description and upon successful completion of the Cooperative administered course. Students will be dually enrolled at their home high school as well as the Ivy Tech Community College.

In addition, Vincennes University and Trine University have also established an agreement with Four County Area Vocational Cooperative to grant college credit to CAD, Criminal Justice and Machine Trades students who choose to attend the institution after high school. Students enrolled in the Computer Aided Drafting program will receive 3 credits to Vincennes, Criminal Justice students will receive 3 credits through Trine University, and those in the Machine Trades program are eligible to receive three college credits upon successful completion of the FCAVC program, their first semester at Vincennes University as well as the successful completion of the Advanced Manufacturing Scenarios (Certificates of Technical Achievement) developed by Vincennes University. These are not transcribed dual credits.

GET THERE NOW! COURSES

Students enrolled in Get There Now! courses will receive dual credit based upon the course description and successful completion of the said course. Students will be dually enrolled at their home high school as well as the institution offering the course. For more information on those courses offered and credit available, please visit www.gettherenow.info or contact Leslie Raymer, Campus Connections/Get There Now! Coordinator at 260.343.2159.
